

WELCOOME TO

OKLAHOMA STATE  
A.S.F.C. CONCLAVE

## AN EXECUTIVE IS NOT A TREE

Our trees have to grow for more than 20 years before they're much use to us, but our young executives can start being useful on the day they join us.

In a company that's growing as fast as ours, we have no problem finding challenging responsibilities for young men with a talent for business. The problem is finding men who can meet the challenge.

If you're one of them, you can join one of the fastest growing companies in the fast-growing forest products industry. A company that has planned its expansion to make the most complete and efficient use of the trees that are its basic raw material.

Our company was formed in 1967 by the merger of 50-year-old U.S. Plywood, a leader in the building materials industry, and 75-year-old Champion Papers, a leader in the pulp and paper industry. In 1968, we acquired Drexel Enterprises, a leader in the furniture industry. In 1969, Trend Industries, Inc., which manufactures and markets a wide array of carpeting for the home, offices, stores, and institutions, became part of our company.

If this sounds like the kind of company you'd like to grow with, write to:

## Final Words from the President

Well, Conclave is finally over. I say that with a sigh of relief but also with a sigh of disappointment. The '72 Conclave was more work than I ever imagined it could be so I am glad the work is finished. But it was a really great time and a rewarding experience, so I am sorry that it is all over.

We started our plans for this year's Conclave during the summer of last year. We were able to get this early start due to all A.S.F.C. officers being in the same crew at our summer camp in South Dakota. The fall was spent raising money through club activities and making basic decisions. With the start of the second semester we geared up our process and finalized all plans and commitments. We felt we were ready for Conclave to begin on schedule; but when that big old bus from Georgia came rolling in early Thursday, I still remember wishing that we had "just one more day" to get ready.

I believe we accomplished the major goals of Conclave here at Oklahoma State this year. We brought together all clubs in fellowship with each other through centralizing beer distribution. We felt that this approach, along with the Liar's Contest, made for a feeling of "oneness" among all the clubs. To me, this is the major goal of Conclave, fellowship, not competition or winning. We maintained a high degree of competitive spirit and we hope we also showed you what forestry in Oklahoma is like and the difficulties we have to face in turning out top-notch professional foresters.

Some major changes were made in Business Meeting this year that I feel will greatly help our Association better itself. A permanent, rotating Protest Committee was set up that will lend experience and better judgement to our competition. An official list of hosts for the next eleven years was established and will be a precedent for us to follow from now on. Conclave officers will be elected prior to attending a Conclave to give them some much needed experience before they must host a Conclave. These changes will make for better organization and a better Conclave.

All in all, I feel it was a great Conclave but then of course, I'm prejudiced. We made some mistakes, true, and for this we are deeply sorry. But we are confident that these mistakes will be avoided in the future just as we avoided the mistakes of others in the past. Conclave is in Florida next year and we are all looking forward to renewing old acquaintances, making new ones, and having a great time in Gainesville.

Clyde Dildine  
President, A.S.F.C.

Due to a technical difficulty during the photographing of the team pictures, we are unable to present them this year.

We received three summaries of activities out of nine clubs. This was par for the course. I would like to encourage each of the clubs to take an active part in the correspondence this coming year. If the host school takes time to ask for your opinion or your help, take the time to reply. I will assure you it will be greatly appreciated.

I hope you will enjoy this annual for the memories it will bring in future years.

## O.S.U.'S CURRICULUM AND NEW ACCREDITATION

Accreditation of the undergraduate program in the Department of Forestry by the Society of American Foresters has been good for our program. We have received letters of commendation from many quarters. Certainly, the attendant publicity has been helpful. In all, accreditation has helped us develop sufficiently in staff and facilities to meet minimal national standards set by the SAF.

The students in the program, and those who have graduated, gain from accredited status. There is a mild but continuing effort to up-grade the profession of forestry by seeking higher requirements in job placement, such as accredited status and state registration for foresters. One advantage of the accreditation process is that a re-evaluation is required every five years. Needless to say, our planning for the next four years must be in the direction of improving our capabilities in those areas where we are not as strong as we perhaps should be.

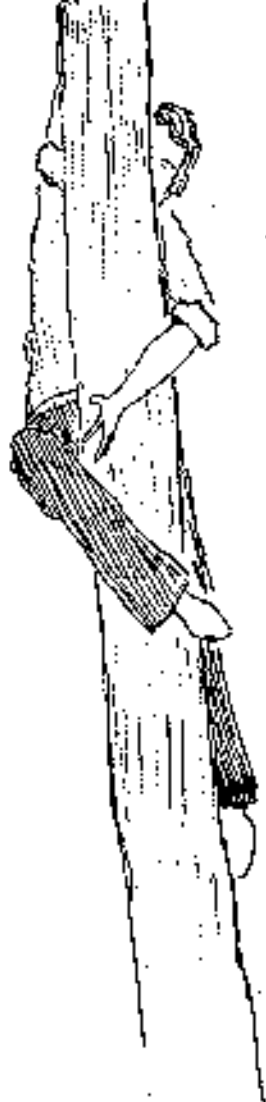

In the matter of curriculum, you may not know that there are now four options available, the management program is of course the most important one that perhaps 75% of our students elect. In addition, we have added options in Forest Business, Forest Recreation and Forest Science. All of these meet the requirements in the ten subject matter areas indicated by the Society of American Foresters, including Dendrology, Forest Ecology, Silviculture, Forest Protection, Forest Measurements, Forest Economics, Forest Policy, Forest Administration, Forest Resources Management and Forest Resources Use. The option in Forest Science is for those academically strong students who decide by their Junior year that they wish to undertake graduate work. In addition, we are planning to add another option in Urban Forestry. This one will require about 16 hours of horticulture courses and 6 hours of agronomy courses in upper division, over and above the forestry requirements of the "Holy Ten" subject matter areas set down by the Society of American Foresters.

Dr. Edward E. Sturgeon, Head  
Department of Forestry

## ARTICLE VIII. CONTESTS.

- A. Competitive events will be held at each Annual Conclave.
- B. There will be 15 standard competitive contests at each Annual Conclave.
  1. Standard events:
    - a. Dendrology
    - b. Compass and pacing
    - c. Timber estimation
    - d. D.B.H. estimation
    - e. Pole classification
    - f. Wood technology
    - g. Chain throwing
    - h. Axe throwing
    - i. Knife throwing
    - j. Pole climbing
    - k. Bow sawing
    - l. Log rolling
    - m. Cross-cut sawing
    - n. Log chipping
    - o. Bait casting
  2. Scoring will be based on the number of schools participating in the Conclave. First place winners in field events will be awarded a number of points equal to the total number of schools participating. Second place winners receive 1 less point than the total number of participating schools, third place winners will receive 2 less points than the total number of participating schools, and so on with each succeeding participant who satisfactorily completes the event receiving one or more points. First place winners in technical events will be awarded a number of points equal to the number of participating schools multiplied by 1.5. Second place winners will receive 1.5 points less than the total number of points awarded first place winners, third place winners will receive 3 points less than the total number of points awarded first place winners, and so on with each succeeding participant who satisfactorily completes the event receiving 1.5 or more points.
- C. In addition to the 15 standard events established in Section B, there may be a maximum of five (5) contests at the discretion of the host club, provided that these contests be specified with rules and explanations at the preceding Annual Conclave. Requests for omission of any standard contests will be made at the preceding Annual Conclave with a two-thirds (2/3) majority vote necessary for approval.
- D. The standard set of rules will be made and approved by the voting members of the ASFC.
- E. Selection of judges of all contests will be left to the discretion of the host club except in the event the host club participates; then judging will not be done by members of the host club.
- F. Only students presently enrolled in a school or department of forestry will be eligible to enter ASFC events. In the case the University of Florida and the University of the South, freshman and sophomore students presently enrolled and who have declared an intention of enrolling in the forestry department or school at the beginning of their junior year will also be eligible for participation.

- G. The contestant must meet the same requirements as are specified for individual participation in school athletics.  
The contestant must be an undergraduate student and he must meet his own school's requirements both scholastically and in credit for athletic participation.
- H. In the event that the Conclave delegation or spectators from any member school intentionally or otherwise interfere with the progress of any event in the Conclave, that delegation shall forfeit the rights to score any points in that event.
- I. VPI is hereby considered a member of the ASFC by vote taken on May 4, 1963.
- J. A table of random members will be used to choose order of team's participation in each event. This order will be sent to each participating school before the Conclave.
- K. Contest protests must be filed with a committee of staff members within fifteen (15) minutes of the individual infraction. The protest committee shall be composed of three (3) staff members of schools within the Association. They shall be appointed by the host school and cannot serve as judge in any event.
- L. Contestants in the log chopping event must wear hard-toed footwear. The use of shin guards is left to the individual's discretion.
- M. Tennessee is hereby considered a member of the ASFC by unanimous vote taken on April 8, 1967.
- N. The University of the South is hereby no longer considered a member of the ASFC after the submission of a letter of resignation on April 12, 1969.

Just one of the guys.

## We're here to grow.

Tree farming is an expensive proposition. It takes money—lots of it—to keep Weyerhaeuser lands in Dorks country green.

In the last two years we have planted more than 5 million young trees—10,000 per acre. And next year we plan to plant even more. And that's just the beginning of our long-range plan.

For during the 25- to 40-year life of the crop, we will be investing more money for fire protection, fertilizing,

thinning, pest control, disease prevention and road building.

Add to that the annual outlay for taxes to support local and state government and schools.

Then figure the interest on the long-term investment.

It's a huge outlay.

But it means a lot to the future.

To the 4,385 people who now work for Weyerhaeuser in the Oklahoma-Arkansas area. To the communities

where they work. To the thousands of new people we'll be able to hire in the years and decades ahead. To businesses that sell us goods and services.

So please remember, when we talk about growth, we're talking about people and payrolls just as much as trees. Maybe more.

**Weyerhaeuser**

## WELCOME ABOARD

It is with real pleasure we welcome the graduates to the ranks of graduate foresters. As foresters, you are faced with a variety of challenges... problems and concepts unknown but a few years ago. Forest and site pollution, identification of redwoods, preservation of natural resources of all types, management of corporate forests, many new available for public recreation... the ecology and economy of the timber's woodlands.

Ben Meadows, a graduate forester himself, searches the world for new or improved equipment and supplies for foresters. He knows what a forester needs and they don't usually "believe" everything he sells. With his famous "handwritten" or "your money back" guarantee.

Write for our catalog... over 6,000 items of interest to you. It's free to all foresters.
